

NOTIFICATION

The Konglor–Natane Ecotourism Association, with its 400 village members (officially authorized since 06/06/2016, by the decree of the Prime Minister, April 2009) has the honor to inform you that we will be changing the prices of entrance tickets to the Konglor–Natne Cave.

These new prices are accepted by our members and local authorities and will be implemented starting May 21, 2026, and are paid directly to a single location at a rate of 250,000 kip per person.

The ticket has two ends: one to show the boatman at the port and the other to keep with you. This approach is to facilitate the management of tourists

The sum of 250,000 kip/person would become the journey by round-trip boat to the Konglor–Natane cave. You would have the right to stay at the port of Natane for a maximum of one hour, so that you can discover the magnificent landscape (biking in the valley, information panels, local crafts, exploring the surrounding area, etc...)

Therefore, you could spend the night in the Natane Valley (A Ban Natane, 1 km from the port). For this, you would need to pay for your return boat trip from the port of Natane. You could bring your motorcycle to explore the natural beauty of the Natane Valley (both ways on the Nakai Plateau).

For more details, you can contact the guides in Konglor–Natane.

New Rules :

To ensure sustainability and reduce pollution, if you are traveling alone, you should wait at least 30 minutes for other passengers. Beyond this time, we can proceed with your journey at the same initial price of 250,000 kip for a single person.

THANK YOU FOR YOUR UNDERSTANDING AND WE'RE HAPPY TO HAVE YOUR TRIP.
